Featuring the Multi-Award-Winning Korniche SpeedBead

Add some style to your home with the Ultimate Internal Glazing Solution

Your home should reflect your style, combining beauty, functionality, and effortless design. Whether you're embarking on a full home renovation, creating a stylish home office, or re-imagining your living space, the Korniche Glass Partition System is the perfect choice for homeowners looking for a premium heritage-styled interior glazing solution.

Transform Your Home Today

The Korniche Glass Partition gives you more than just room separation. It's a design feature, it's a practical solution, and it's even a long-term investment in your home. No other system combines the same level of aesthetic refinement, engineered structural quality, and simplicity of installation.

Whether you're looking to create a luxurious home office, stylish kitchen divide, or elegant living space, the endlessly configurable Glass Partition delivers the perfect balance of beauty and functionality.

Why Choose Korniche?

Timeless, Art Deco-Inspired Design

Drawing inspiration from classic steel-framed glazing systems, the Korniche Glass Partition brings stunning industrial aesthetics into your home. The ultra-slim aluminium framework creates elegant sightlines, maximising light flow while maintaining an open and spacious feel.

Seamless Home Integration

Designed to complement both traditional and modern interiors, this system allows you to create divided spaces without compromising on open planning or style. Whether you prefer French doors, single doors, or fixed panels, Korniche provides bespoke configurations to suit your unique vision.

Effortless Installation & Future Flexibility

Our intelligent 'SpeedBead' system and bespoke integrated coupler means faster, hassle-free installation. These developments allow a significant time saving when installing the many beads and sections that come with a modular lattice style system. SpeedBead integrated pre-fitted gaskets ensure the risk of shrinkage is entirely eliminated.

Premium Craftsmanship & Durability

Crafted from high-quality 6063-T6 aluminium, this system is not only visually stunning but also incredibly strong and long-lasting. Unlike traditional steel alternatives, aluminium is lighter and more resistant to corrosion. Additionally, high quality powder coated finishes require minimal maintenance ensuring homes stay effortlessly stylish for years to come.

Uncompromising functionality

For homeowners seeking both elegance and ease of use, the Korniche Glass Partition System delivers:

Market-leading French door functionality with a precision-engineered lift lever handle and shoot bolt gearbox for smooth operation.

Discreet magnetic locking system for enhanced security, perfect for home offices or personal spaces.

> Not just a partition system, it's a statement of elegance, innovation, and quality

A Finish to Suit Every Home

Colour options

Available as standard in any colour the customer wants as long as it's RAL 9005 matt black.

We can also provide a range of bespoke colour and anodised finishes, enabling you to create a truly unique and personalised look.

Glass/infill panel options

Panels can be glazed with 4mm toughened glass or you can upgrade to 6.8mm standard or acoustic rated laminated glass panels for improved security and performance.

Privacy options are also available.

Powder coated aluminium skinned honeycomb panels can also be supplied in place of glazing panels to form kick plates or screens.

Hardware & Lock system

A simple but effective magnetic locking system provides a light and smooth locking action giving a premium feel to your doors.

From our in house design team come stylish and contemporary lift to lock handles which have been carefully designed to blend modern aesthetics with heritage influences.

The customisable hinges present another unique feature for the discerning eye. Aesthetically inspired by the original steel system, the team have engineered a hinge with the best of modern materials and manufacturing.

For the French door configuration, we have designed a custom solution featuring a lift lever handle and shoot bolt gearbox, enhancing both security and usability.

Your dream space starts here. **Choose Korniche**, the ultimate internal glazing solution.

Specifications

SpeedBead / Installation

The system makes use of our proven SpeedBead technology allowing the quick securing of glass and aluminium panels. SpeedBead also allows beads to be released and refitted without any damage to the components.

Installation is improved with a unique integrated coupler profile used where frames meet or additional reinforcement is required. This slimline solution makes this a truly modular product, where sections can be quickly fastened together through pre fitted inserts. A process as simple as flat pack furniture with no additional measuring or drilling required.

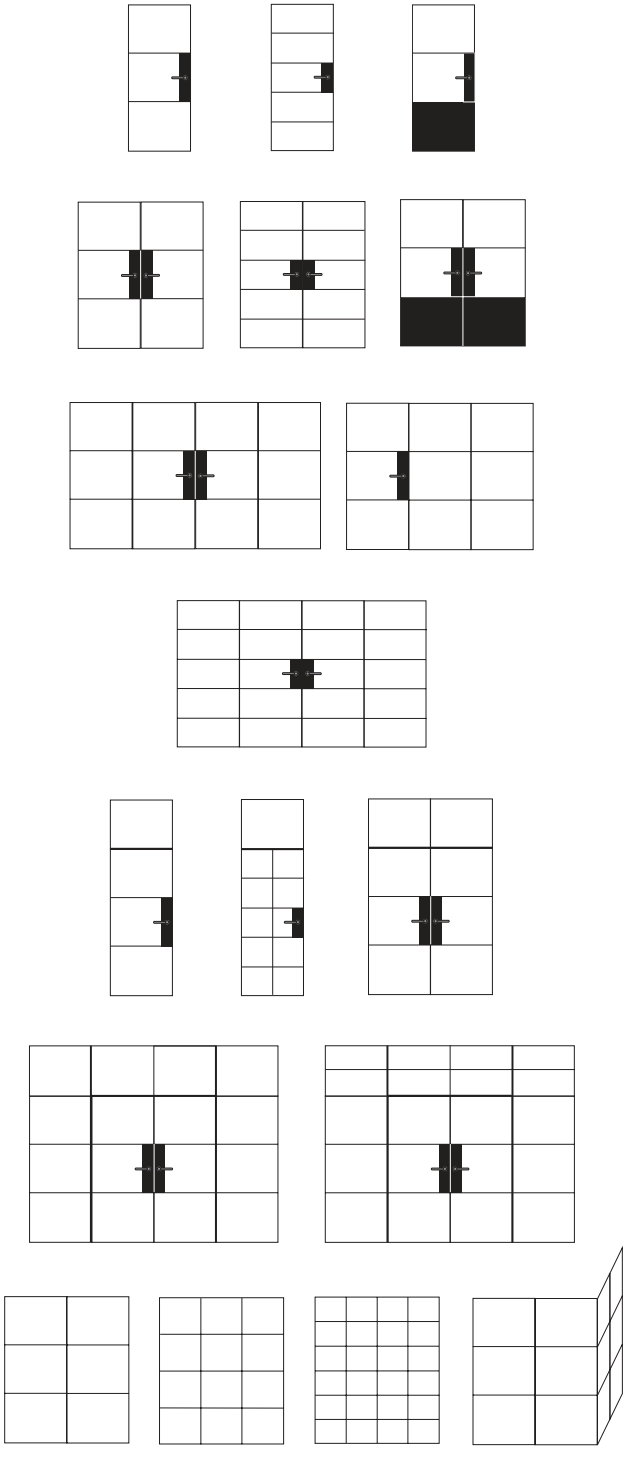

Acoustics

Acoustic performance can be increased by using a 6mm pane or upgrading to a 6.8mm acoustic laminate.

Sightlines

- Mullion, Transom and frame from as little as 34mm
- Door to frame from as little as 57mm
- Single doors up to 900mm wide
- French doors up to 2000mm wide
- Door heights up to 2300mm
- Fixed frames up to 3000mm high and 2000mm wide
- Multiple configurations
- Doors open in or out
