Windows

reinvented for modern life

REHAU

Energy-saving, noise reduction, security and sustainability with REHAU TOTAL70.

REHAU's objective has always been clear: to make your life better. The TOTAL70 window and door system enhances your home's health, safety, and comfort, providing long-lasting quality.

The TOTAL70 system is a window profile that is environmentally friendlier as it contains 75% recycled materials. It offers exceptional weather performance, along with superior thermal and noise reduction efficiency, ensuring year-round comfort.

REHAU TOTAL70 is also compatible with the Rio flush fit and the SLINOVA patio door range, providing a seamless, high-performance solution for your home's aesthetic and functionality.

TOTAL70c - the original and most popular. The chamfered system is simple yet elegant, helping to create beautiful contemporary frames for your home.

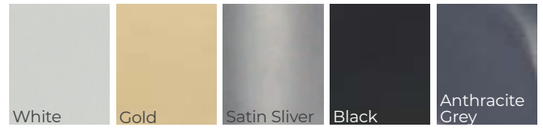

TOTAL70s - designed for both modern and traditional homes, this system offers a stylish timber effect alternative. Its sculptured edges add charm to older properties while bringing classic details to newer builds.

TOTAL70r - the reversible window combines high performance with a sleek, flush-fitting design. Ideal for hard-to-reach areas, it also allows easy exterior cleaning.

and style

Casement

Tilt and Turn

French

Styles
for all

Casement Windows: Casement windows can be hinged at the side or the top and open outward, offering excellent ventilation and an unobstructed view.

Tilt and Turn Windows: Tilt and turn windows can be tilted for ventilation or fully opened inward, providing versatility and easy cleaning.

French Windows: French windows consist of two side-hinged casements that open wide, allowing for maximum airflow and a stylish, elegant look.

Bay Windows
a classic touch

REHAU

REHAU TOTAL70
Bay and Bow windows

REHAU TOTAL70 bay and bow windows bring timeless elegance and extra space to any property, enhancing natural light while creating a stunning architectural feature. Whether opting for a traditional bay window with bay poles, bay posts, or even concrete supports, or transforming a flat window into a graceful bow with a purpose-built canopy, the design possibilities are endless.

These windows seamlessly blend with both classic and modern homes, offering a choice of finishes and sculptured frames to suit any aesthetic. Beyond style, they provide excellent thermal efficiency, noise reduction, and security, making them a smart and stylish investment.

French Doors

opening your home

REHAU

REHAU TOTAL70
Residential and French Doors

Whether you choose a classic residential door for a secure and stylish front entrance or elegant French doors to open up your living space to the outdoors, both options offer exceptional thermal efficiency, security, and durability.

Available in a range of finishes and glazing options, these doors can be tailored to complement any property, from traditional to contemporary.

Designed with high-security locking mechanisms and robust frames, they provide peace of mind while enhancing the aesthetic appeal of any home.

Flush Fit

windows

When it comes to design features and sophisticated styling, the Rio flush fit window is in a class of its own.

These flush fit windows have been specifically designed so that the opening sash of your window sits flush with the outer frame, giving a unique sleek and seamless appearance.

As with all REHAU windows, safety, security and longevity of your windows is paramount. Your Rio flush fit windows benefit from enhanced noise reduction, energy efficiency and are easy to maintain, keeping your windows looking good throughout their lifetime.

Patio Doors

maximise light

SLINOVA is a slim line sliding door with outstanding stability and strength.

The REHAU SLINOVA patio door is a sleek and stylish sliding patio door that brings the outside in.

With its slim frame and large glass panels, SLINOVA lets more natural light into your home while creating a smooth connection between your indoor and outdoor spaces. Designed for effortless operation, it glides open with ease, offering a perfect blend of style, comfort, and energy efficiency.

The Bright Choice for Your Home
Bring more natural light into your home with SLINOVA's sleek and modern design. Its ultra-slim 80mm sash sightlines and reduced frame depth mean you can enjoy bigger glass panels and brighter living spaces. With a stylish, low-maintenance finish, SLINOVA is easy to clean and built to last.

Effortless Design & Durability
SLINOVA is not just about looks—it is designed for everyday ease. Its smooth operation makes opening and closing effortless, while the discreetly integrated hardware keeps the locks completely hidden within the frame for a clean, streamlined appearance. Available in a range of colours and finishes inside and out, you can personalise your doors to match your home's style.

Uncompromising Security
Feel safe and secure with SLINOVA's advanced security features. A 3-star locking cylinder comes as standard, along with a robust 6-point locking mechanism featuring stainless steel hooks for added protection.

Stand out
from the crowd

REHAU

Our REHAU window and door system is available in a wide selection of foil colours, finishes, and styles to suit any home.

With 12 standard foil colours and a total of 24 finishes to choose from, you can create a truly unique and stunning look for your home.

The available colour options may vary depending on the specific window style you select, and whether you would want the window to remain white on the inside. Whether you are opting for casement, flush, tilt & turn, or patio doors, each design comes with its own range of finishes to ensure the perfect match for any property.

Dual Colour

the perfect balance

Photo for illustrative purposes

REHAU

Dual colour windows - often referred to as ‘on white’, offer the best of both worlds - style and colour on the outside and practicality on the inside.

Typically foiled in a bold or classic colour externally, with a clean white internal finish, they’re a popular choice for homeowners who want to enhance kerb appeal without compromising on interior design flexibility. This combination allows the exterior to complement the property’s façade, while the neutral white interior blends effortlessly with any décor. It’s a smart, stylish solution that delivers on both design and function.

Internal view

From the inside, dual-colour windows feature a smooth white finish that suits most interiors, keeping rooms light, clean, and modern.

Guaranteed
for piece of mind

Product Guarantees

Your REHAU PVCu windows and doors are built to last, backed by a 10-year guarantee that covers the frames, sealed glass units, and hardware for mechanical operation and surface finish defects. This comprehensive warranty ensures that your investment is protected and provides peace of mind for years to come.

While no glass can completely eliminate condensation, our energy-rated options are designed to significantly reduce it, offering superior insulation and helping to maintain a comfortable home environment.

Energy Ratings

All REHAU products can achieve an A rating for energy efficiency, thanks to the high-performance glass specification. This ensures superior insulation, helping homeowners reduce energy costs, enhance comfort, and lower environmental impact.

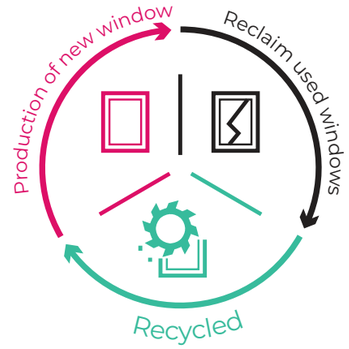

FRAMES GLASS HARDWARE

REHAU window and door systems are guaranteed, secure and sustainable.

Combining high-security features with energy efficiency and sustainability, REHAU windows and doors are designed with advanced multi-point locking systems and high-strength materials to provide superior protection for homes and families.

In addition to offering top-notch security, REHAU is committed to sustainability, recycling over 13,000 tonnes of old windows and doors each year since 2014. This dedication allows homeowners to enjoy peace of mind, lower energy bills, and an environmentally responsible choice, all without compromising on style or performance..

REHAU Sustainability

Enhanced Security
TOTAL70 windows and doors are PAS24 security accredited.

Weather Performance
Independently tested, TOTAL70 achieves the highest BSI ratings for wind, water and air.

A Energy efficiency rating
Choosing TOTAL70 helps save money on your heating bills.

Virtually maintenance free
No need to re-paint and maintain annually.

Noise reduction
TOTAL70 offers exceptional noise reduction.
