We understand that it's important to be able to meet demand for design flexibility and cost-effective time-saving solutions.

We listen and work with you to ensure we're providing both the best service and products that we can.

Support and efficiency

From design to fitting, our expert teams have been specifically trained to help you get the very best out of our products.

With one of the highest quality products on the market, with probably the most comprehensive range of styles, colours and applications, we can match your project style with confidence. Our REHAU products are manufactured with quality and attention to detail in mind. Nothing is left to chance.

REHAU

SLINOVA®: Slimline design with large glazing creates panoramic views and fills space with natural light.

Outstanding performance and design for modern, energy-efficient homes.

SLINOVA creates harmony between interior and exterior with its slim design and extensive glass surface. Opening in one smooth movement, enter a world where performance and design are one and the same. Offering more light and comfort, SLINOVA blends into living spaces, letting more of the outside in.

The bright choice

Maximise natural light with SLINOVA's large glazing area

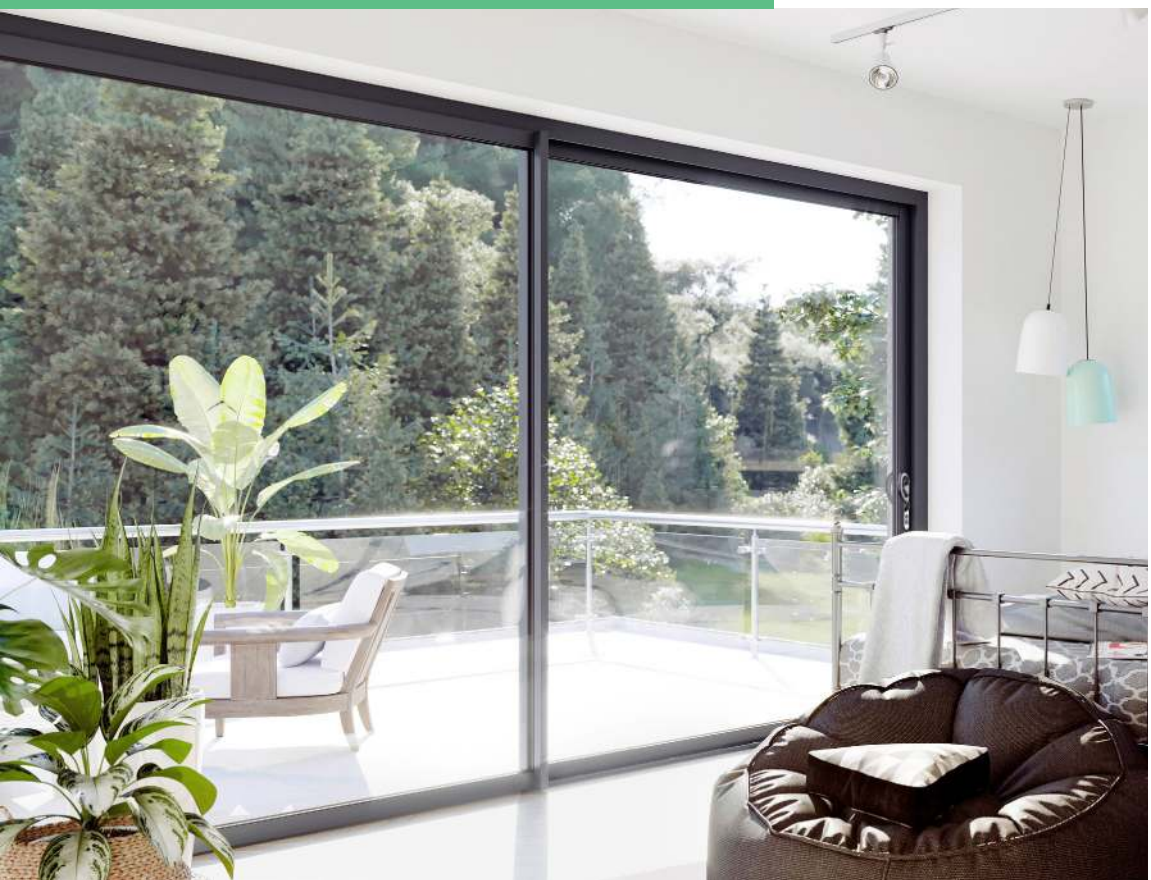

SLINOVA is a slim line sliding door with outstanding stability and strength.

- Slimline - 80mm sash sightlines and frame depth, slimmer than Agila
- Easy to operate, durable, low maintenance and easy to clean
- Specially designed, discreet hardware makes the locks completely invisible within the sash
- Outstanding stability and strength
- Available in different colours and finishes inside and out

Security:

- 3-star locking cylinder as standard
- Standard 6-point locking mechanism that incorporates stainless steel hooks for extra security
- Anti-slam pin to prevent misalignment

PRODUCT GUARANTEES

The Trade Village, in conjunction with its raw material suppliers, guarantees its products for the following:

All PVCu frames are guaranteed for **10 years** against defects relating to workmanship, delamination and discolouration, outside of normal wear and tear.

Sealed glass units are guaranteed for **10 years** against unit failure.

It should be noted that with all types of glass and all grades of energy rated glass, any form of condensation cannot be fully eliminated, bit is generally greatly reduced.

Hardware is guaranteed for **10 years** for mechanical operation and against surface finish defects.

Where explicitly mentioned extended hardware guarantees are limited to the component suppliers guarantee – which is passed on to the customer. All claims against these extended guarantees are to be made directly with the component supplier, unless expressly stated otherwise.
